# Our Story

This 1883 station building is a historic gem, lovingly restored in 2000, it is now a wonderful neighborhood cafe. Our dining areas are the Switching Room, Ticketing Area and Carlos Kennedy, featuring local and regional artists. During the warmer days our patrons can enjoy a meal and the fresh air under the original covered train platform. There is an unmistakable French influence in the food, with beignets on the menu all day. We hope you will love the comfort food as much as we enjoy creating delicious fare.

**There's something for everyone!**

## Original French Crepes

## Beignets

Square pieces of dough, fried to a golden brown and sprinkled with powdered sugar. These were made popular by the Original Cafe Du Monde Coffee Stand which was established in 1862. It is located in the New Orleans French Market. Those who order beignets from the cafe also enjoy the most popular coffee drink called the Cafe Au Lait which is a dark roast coffee. An Au Lait is half coffee and half steamed milk. The coffee is usually made with Chicory. The chicory is the root of the endive plant. It's roasted, ground and added to the dark roast coffee. Enjoy the experience of New Orleans right here in historic Woodbury.
